February 18, 2008

It is always a joy to see people grow in the Lord and enter into fulltime ministry. Such is the case with *Steve and Glenda Kvale* who have been called to serve *Wycliffe Bible Translators*.

I had the joy of serving Steve, Glenda and their children, as their pastor for 14 years and watched them grow in the grace and truth of Jesus. During their time with us they served in the leadership of our church ministering to men, women, children and our leadership board. Both Steve and Glenda have been used of the Lord to serve on mission trips overseas and in the U.S. As their passion to serve the Lord grew, God called them to serve Him fulltime with Wycliffe.

Steve and Glenda will be serving as missionaries to the computer and administrative needs of Wycliffe at their headquarters in Orlando, Florida. Friends, we live in a day where God is blessing the use of technology and computers to advance His kingdom. We, as a church, are excited to see God use Steve and Glenda's gifts to advance the work of Wycliffe in Bible translation and service to His church body in Orlando and abroad.

I would encourage you to prayerfully consider partnering with Steve and Glenda in their adventure of stepping out in faith and serving the Lord with Wycliffe.

Sincerely in Christ,

Pastor Don LeClere, Senior Pastor
