

Andrew and  
Dennis

August 18, 2010

Dennis met Andrew about eight years ago at the EAA AirVenture; Andrew was a tall gangly teenager with a passion for God and airplanes. Over the years, Dennis has had the privilege of encouraging Andrew as he has continued to build flight hours and get his Airframe and PowerPlant certificates. Last year, Andrew introduced us to a special young lady, Janelle, who became his wife in March. This spring they heard a Wycliffe missionary talk about the 350 million people who do not have the Bible in their own language and Wycliffe's vision to see the Bible accessible to all people in the language they understand best. Andrew and Janelle realized in a new way how their gifts and talents could be used. We were invited to their home in Oshkosh for dinner one evening to answer their questions. They are sensing God's leading and feel that they were able to get some confirmations during AirVenture.

This year we met a lot of young men and women who like Andrew and Janelle are seeking God's plan for their lives. We are trusting God to raise-up many new recruits to reach those 350 million people that are still waiting. We thank God for your partnership with us. Your faithful gifts and prayers make it possible for us to recruit and train young people. Together, we are making a difference for those still waiting.

Working together,

***Dennis and Patti***
